

## Wood burning heater Harvia Pro 20 BimSchV2 black

WKPR20M10

*The Harvia Pro 20 wood burning heater has a new fresh look. It is designed for vigorous bathing in medium-sized saunas. Thanks to the large stone compartment of the wood burning heater, the steam is as pleasant and hearty as you can wish for. The fire glowing behind the cast-iron-framed glass door adds to the ambience of the sauna. The sturdy 10-millimetre-thick fire chamber cover ensures durability. The model also features adjustable feet to facilitate installation. They can be used to adjust the height of the smoke outlet, for example. The wood burning heater can be equipped with a pipe model water heater.*
